STAT With the transfer of the responsibilities of the Stock
Control Branch, [] on 4 March 1974 to the eleventh
floor, Ames Center Building, a realignment of phones in the Depot
will be necessary at some future date. This realignment will
result in a reduction of 16 instruments plus two lines. Provisions
STAT were made for telephone service during recent renovations on the
eleventh floor, Ames Center Building, for those positions being
transferred from []
